Librarian's Report

Latisha reported that Gateway uploads have been completed for the 2026 audit. She will return to 2025 records to make necessary updates. The 2026 audit cost was \$3,118.55, which was noted as very reasonable.

Latisha also reported on the Better Coil Allocation Area on Iroquois Street, noting that there is no excess assessed value and therefore no revenue will be received from this source.

She continues to attend New Director's Workshops and noted that a new director's workshop is scheduled for Thursday, August 19th for directors who began service after August 1, 2025, which she plans to attend.

AVC Accounting and Payroll is expected to be substantially complete by June 18th. All necessary financial information, including funds, balances, bank accounts, disbursements, receipts, and vendors as of December 31, 2025, has been provided to allow for full system upload prior to the meeting. This will allow the entire year to be maintained in a single system for improved accounting and auditing efficiency.

Preparation for the upcoming budget cycle will begin next month. The DLGF representative will conduct a series of workshops from July 15th through August 27th. It was noted that the budget process has changed significantly this year.

The Summer Reading Program is currently going well.

Updates on facility projects include continued cleanup of the downstairs project area, relocation of the changing table into the restroom, installation of three new computers in the computer room, and addition of a new shelving unit.

Latisha also requested guidance on operating procedures for the generator and boiler. If needed, Tom will coordinate with Steve for instructions.
